

1942.

The first meeting of the year was held in St Peter's Institute on Saturday January 17th. when partly owing to the very severe weather, numbers were small. There was, however, sufficient to enjoy some touches on handbells and the business meeting was chiefly concerned with future meetings. It was decided to fix four district meetings for the year to be held in St Albans, as under present conditions it would be a central meeting place, and convenient for a majority of the members.

The next meeting was then fixed for May 16th. and subsequent meetings on August 15th and November 21st. which would be advertized in the Ringing World in the usual way.
