

Ring & Ramble Brings Furneux Pelham and Brent Pelham Together

17th July 2026

Members of the Bishop's Stortford District enjoyed a perfect summer's day out on Saturday for their annual Ring & Ramble, combining two of the District's favourite pastimes: bell ringing and a good walk through the Hertfordshire countryside. The day began with ringing at Furneux Pelham, before walkers set off across the fields to Brent Pelham, where a second tower awaited.

With just the right number of ringers on hand, everyone had the chance to ring exactly what they wanted at both towers. The outing also welcomed a couple of special guests — a promising 15-year-old ringer trying his hand alongside more experienced members, and a four-legged companion who trotted along for the whole route. Golden wheat fields and clear skies made for ideal walking conditions, neither too hot nor too cold.

The group rounded off the day with lunch at the local pub, where fresh, plentiful food went down well after the walk.

It was, by all accounts, a thoroughly enjoyable way to combine ringing with a ramble, and a fine addition to the District's calendar of social outings.

Our sincere thanks go to Dave Mortimer for organising such a lovely event for us!
